

Optimum Energy Products Ltd.
Corporate International Line Card

Optimum Energy Products Ltd. supplies test and measurement products, energy metering, power quality, energy management, and gas detection and analysis products to Utility, Industrial and Commercial and Consumer markets worldwide.

Founded in 1993, we are a professional representative/distribution company dedicated to excellent customer service and support. Utilizing the power of the Internet, we market our wide range of products on industry or product specific web sites. This lets us offer you complete product specification information and purchasing capabilities. Our distribution centers in Canada and the USA allow us to service your needs anywhere, anytime. Sample Product Categories

TEST & MEASUREMENT INSTRUMENTS

- Cable Testers
- Clamp-on Ground Testers
- Clamp-on Harmonic and Power Meters
- Clamp-on Digital Multi-Meters
- Current Measurement Probes
- Current Transformers
- Contact Resistance Test Sets
- Circuit Breaker Analyzers (MV and HV)
- Data Loggers
- Ground Resistance Testers Digital/Fall of Potential
- Digital MultiMeters (ac/dc)
- Environmental Testers
- Cable Testers
- Ground Fault Detectors
- Full Range of Accessories: Leads, CT's, Cases and More
- Hipot Testers
- Megohm-Meters and Micro-Ohmmeters
- Phase & Motor Rotation and Transformer Ratiometers
- Power Quality Analyzers and Recorders
- Industrial and Automotive Oscilloscopes
- Relay Test Sets: Single and Three phase, Automatic and Manual
- Primary and Secondary Injection Test Sets
- CT, PT, VT Transformer Test Sets
- Winding Resistance Test Sets

CALIBRATION INSTRUMENTS

- Documenting Calibrators
- Deadweight Testers
- Temperature Calibrators
- Dry Block Calibrators
- Loop, Milliamp and DC Calibrators
- Multifunction Calibrators
- Pressure Calibrators
- RTD Calibrators
- Intrinsically Safe Units

RECORDERS AND DATA ACQUISITION

- Current, Voltage, Pulse, Signal Loggers
- Time-of-Use Activity Loggers
- Single Channel and Multi-Channel Loggers
- Single and Three Phase TRMS Power Meters
- Pressure /Temperature/Relative Humidity
- Power Quality Recorders
- Voltage Exception loggers
